Given your personal comfort level about returning to face-to-face instruction (for OVA staff this means Hybrid or Lab model), please rate each item below:: social distancing on the bus

In consideration of the unique challenges presented by school closures in other districts, childcare will be available for those who need care for school-aged children who would regularly attend a district that is closed to in-person instruction. Childcare will be available for as long as the child's home district is closed to in-person instruction. Would you take advantage of the opportunity?
